

Strikingly User Guide for Alibaba Cloud

1. In your Alibaba Cloud management panel, go to your "Order Management". Copy the order number associated with this order. In this screenshot, the order number is 500094402690052.

The screenshot shows the Alibaba Cloud management panel. The top navigation bar includes 'Home', 'Products', 'Billing Management' (1), 'Support', 'ICP', 'Documentation', and 'English'. The left sidebar has 'Order Management' (2) highlighted. The main content area is titled 'Order List' and contains a table of orders. The table has columns for Order No., Product, Order Type, Creation Time (UTC+8), Payment Time (UTC+8), Status, Amount, Tax, and Action. The second row is highlighted (3) and shows the order number 500094402690052 for the product 'Strikingly Website Builder'.

4. In the instance detail page, select the “Security Groups” tab and you can see the existing security groups associated with your instance. There is one existing security group. Click “Configure Rules” to edit the rules.

5. You should see a list of existing rules now. Click the “Quickly Create Rules” button to create a new rule.

6. In the popup dialog, you need to choose “HTTP(80)” from the common port and specify the authorization object as IP range 0.0.0.0/0, as shown in the screenshot below. After that, click OK to save.

7. In your browser, go to the "Internet IP Address" of your instance that you noted earlier. (For example, if your IP is 47.74.135.88, you should enter **http://47.74.135.88/** in your browser's URL bar.) Here, you can sign up for your Strikingly account. You must enter your Alibaba Cloud order number here.

NOTE: You must enter the correct Alibaba Cloud order number. If you enter an invalid order number, your account will be disabled.
